

Here is a sample scrapbook project showing available features:

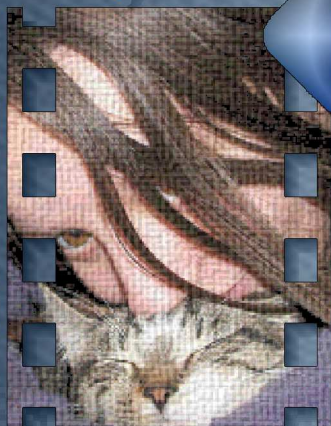

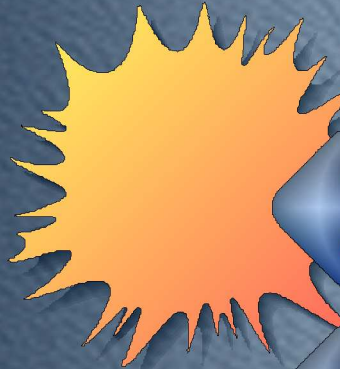

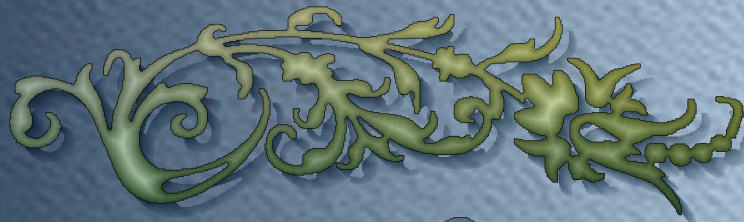

- Paper texture
- Pictures
- Texts
- Cross stitch objects

This project was made with myriaCross editor

This program is available at www.myriacross.com

Sample text object

Sample rotated text

Sample *Post-it* charm containing information:

Above: sample preset scrapbook charm.

Middle: sample empty charm with an outline.

Below: sample charm containing my picture with an outline and a canvas texture.

At right: charms made with cross stitch objects and 3D views.
(Blue arrows are preset scrapbook charms; the shadow of this post-it comes from an empty charm underneath.)
